STATINTL

Mrs. de Bobula missed the \$100. last week. Especially so when, she too, is ill and she certainly counted on your promise. She was good enough to trust you without any notes that you offered and, I think, it would not be criquet to disappoint her.

Idid not send for filing the deed we received, as promised, Idid send the report of my attorney about W. Va. and the only title guarantee Iever mentioned was for the Kentucky land. Please do not impute to us that we ever told about a title guarantee for the W. Va. land. You were to return the papers Mrs. de Bobula left with you, please do so.

Idid not call on Mr. St. Lewis regarding this months delay by you. Please send the \$100. without delay. As I understood it, these monthly payments, in lieu the whole \$1500. (as due upon the signing of the deed), were temporary, with the balance being paid in a few months. I would appreciate the full payment now, as we have to meet bills.

Sincerely,

de Bobula
